

The Tile Doctor logo is not to be used without approval.

To request approval please contact MH Hanley at mhh@thetiledoctor.com or 404.537.1402.

Please submit requested usage and response will be given within 48 hours.

Print Logos

The graphics and wordmarks should be reproduced in PMS Hexachrome Black C, whenever possible and PMS 165C.

When not printing in full color the graphics may be reproduced in PMS Hexachrome Black C alone.

The wordmark and graphics should not be altered in any way, such as extending, condensing, adding borders, outlining, or adding graphics.

White Space Requirements

It is recommended that a minimum white space surrounds the Tile Doctor Logo.

Other graphic elements should not invade this space. The minimum space is a set measurement determined in each signature and is defined as X. The X will change proportionally as the signature increases and decreases in size.
