

The **Tile Doctor Stripper** is a multi-purpose formula consisting of natural ingredients designed to effectively remove most sealers, coatings, finishes, adhesives and paint. It is also an effective degreaser that easily removes grease, soil and oils.

**USES:** Use on natural stone, marble, granite, limestone, brick, slate, saltillo, ceramic, porcelain grout, masonry and other durable flooring surfaces.

**APPLICATION:** Read entire label before using. Remove surface debris. Apply undiluted solution to the surface with a mop, sponge or brush ensuring to wet entire surface to be removed. Allow at least 3 minutes of contact time for material to soften. If Stripper begins to dry before residue softens, reapply. Agitate surface with a brush or scrubbing machine to loosen residue. Wipe up residue with a clean absorbent sponge or towel. Thick coatings may require several treatments for full removal. Rinse clean with water and allow fumes to dissipate for 1-2 hours before surface traffic. Allow 24 hours dry time before applying The Tile Doctor Sealers and Finishes.

**TEST A SMALL AREA** according to application instructions to determine desired results. **DO NOT** use on glass or aluminum.

**CAUTION: COMBUSIBLE. HARMFUL IF SWALLOWED.** Use in a well ventilated area. Rubber gloves and eye protection should be worn during application. Do not mix or use with acids. Contains citrus terpenes and surfactants. **IF INGESTED:** if person is conscious, do not induce vomiting and immediately give 2 glasses of water. Seek medical attention. **EYE CONTACT:** Flush with water for 15 minutes. If irritation persists, seek medical attention. **SKIN CONTACT:** Wash immediately with soap and water. If irritation persists, seek medical attention. **INHALATION:** relocate to fresh air. If symptoms persist, seek medical attention.

**KEEP OUT OF REACH OF CHILDREN AND PETS** Visit [www.TheTileDoctor.com](http://www.TheTileDoctor.com) for the most up to date information on our products.
